Burtz' Palatka Directory 1912-13

Comprising a Complete Directory of the Business Firms and Citizens 18 Years of Age and Over, Arranged Alphabetically. Miscellaneous Directory of County and City Officers, Churches, Societies, Banks, Corporations, Etc., also Complete Rural Free Delivery Directory.

PRICE: THREE DOLLARS

Officially Approved and Endorsed by the Palatka Board of Trade, 1912

Compiled and Published by
PREFACE.

The publisher of this, the 1912-13 Directory of the city of Palatka, feels very grateful for the rapid advancement made by the city not only as respects increase in population, but in civic and commercial channels as well, since the issue of his last Directory In 1908. No city in the state has grown with more rapidity within the same period, some of which has been made not only throughout Florida, but in every section of the country. This goes as evidence of the unity of her citizens when it comes to anything bearing towards the advancement of the city and its interests, and to the efforts of this progressive element is due the prosperous atmosphere conditions which surround the Glim City by the St. John's.

According to the standard rules of imitation, there are 3,088 business locations, divided as follows: White, 3,125; colored, 1,483. Embodied in this volume will also be found a Directory of patrons of the two rural free delivery routes being set of Palatka, which the publisher trusts will prove of some value to those requiring such Directory. This does not include the population noted above, however.

The compiler does not guarantee the absolute correctness of this Directory, but assures the public that he has done the best he could—which is all any compiler can do.

To the business and professional men for their liberal advertising support, as well as to all others who rendered valuable information which helped to make this work possible, the publisher is grateful. Sincerely,

THE PUBLISHER.

DIVIDING LINE.

The City is divided into two sections, north and south, by Lennon street, running east and west. All streets running north and south are numbered, beginning from 1st street at the eastern end of Lennon, and continuing in successive numbers eastward to the city limits. All streets not intersecting, or coming in contact with Lennon, are indicated by "N" or "S," following name of streets, speaking in what direction such street is located from Lennon, thus: Jefferson, J 11; 322 Madison, N

Three N 0, 428 Kirby, S
