To My Dearest Friend  
Gloria,

Written: Sept 29, 1970

We have been the best of  
friends for a very long time, so  
I hope that this end of the  
school term 1969-70 work inter-  
with our friendship that has  
lasted these last 10 years.

I am wishing you and  
George the best of luck any  
one could ever have.

Will Be There

SPECTRUM 1970  
Palatka Central High  
Palatka, Florida

IN 180 DAYS

# MR. HOBBS

*To my good friend  
Buster Hobbs  
Best of Luck.  
Buster Hobbs*

We dedicate the 1970 Spectrum to Assistant Principal, Buster Hobbs.

He has taken administrative responsibility, through a combination of "strict but fair" policies, and made Central High School go its first year. With the dexterity of a juggler, he has balanced the social issues in one hand and the learning issues in the other. His ability to look at each student as an individual has been a motivation to all of us. His adherence to his chosen profession, his knowledge, his inspiration, his ability to relate to peers, students and issues is unsurpassed.

For these traits, and the dedication you have given us, Mr. Hobbs, the 1970 Senior Class, Central High's first, dedicate the Spectrum to you, as our incentive to the future.

The Senior Class of Palatka Central High is a symbol of the atmosphere that was created at P.C. The seniors proved this unity and ability to cope with and handle the situation on hand. The senior colors are Black and White. Their motto is: "We came divided, we leave united." This shows a strong sense of brotherly love which has made the Seniors of "70" the most united class of them all.

# More school? Man, that's not my bag!

Poor Rick. He's traded  
one bag for another . . .  
and he's losing out.

You see, further education  
is more than just the key  
to a better job, and a successful  
future. You'll discover a whole  
new world of people, ideas,  
and living.

And if that's your bag,  
further education is where  
it begins.
