Being uniquely ourselves in our  
own way . . . Creating the first  
and the last and calling it ours

**Individually and Collectively in Many Ways**

Room 14, an open door, a friendly smile and a sympathetic ear—this is Mr. Jones—breaking barriers of communication—bridging yesterday and today. Uniquely teaching—listening, inspiring, challenging—giving us a sense of unity and direction.

Showing us the right answers—whether they deal with math or life—putting up with our ‘generalizations’—proving that ‘moderation’ is an essential.

Seeing us through our senior jackets, our auction, our Senior Prom and finally graduation. Making the class of '71 the best—truly dedicated to a world distinctly young.

## Mascots

Tommy Tipton, the brother of Janey Tipton, and Cheryl Brown, the cousin of Marsha and Rhonda Futch, were mascots of the Class of '71.

# Their Achievements Honored Class of '71

Julie Morgante, Marcia Silberman, Randy Strickland, Jess Ream, and Ben Williams above, did not make the It's Academic team by blowing bubbles. They made it with application and brains. It's Academic is a television program similar to College Bowl within area schools.

Robert Clark and David Turner put government into action at Boys' State, the annual legislature sponsored by the Putnam County American Legion.

Left are Ben Williams and Marcia Silberman, National Merit Scholarship finalists. Marcia is also recipient of the Betty Crocker Homemaker of Tomorrow Award.

In an effort to create a book of distinction, the 1971 FOCUS staff continues to innovate and update with new ideas in year-books. Added color in cover and contents is new this year, along with more emphasis on continuity of theme. It is the staff's desire to produce a book distinctly pleasing.

**“Studying  
took too  
much time.”**

Now Dave puts in his time on a job with little or no future.  
And unless he completes his education, his time is going to run out.  
His time to get ahead. His time to get a promotion.  
His time to get a better salary. His time to succeed in life.  
Stay in school. It can save you a lot of time.

# We Feed Our Faces As Well As Our Minds

The purpose of school is providing a total education--developing and maintaining health--both physical and mental--preparing strong bodies as well as minds.

The cafeteria is such a place--a place for munching-a-bunch--nourishing and feeding ourselves. A place for socializing with our friends--relieving the monotony of our routines.

Seniors appreciate the new furnishings in their lunchroom taking every available moment utilizing the facilities.

Students make the cafeteria a world distinctly consuming.
